NON-RSU SPONSORED TRAVEL

The Regional School Unit-24 (RSU) Board (RSUB) recognizes that students and/or teachers, on a voluntary basis, may make trips to various areas of the United States and foreign countries.

These unofficial trips occurring during the school day are not endorsed nor supported by the RSUB and/or the RSU.

No publicity, literature or advertisements may infer sponsorship by any individual school, the RSUB or the RSU.

Class time, school time, and RSU resources and/or facilities may not be used to promote or solicit participation in such trips.

No employee of the RSU shall use his or her position to solicit students or parents to participate in the activity.

RSU employees shall not use any materials, equipment, facilities or other RSU resources to promote these activities.

RSU employees shall not represent themselves as employees of the district when participating in these activities.

RSU employees must be careful not to even give the perception that their involvements with optional trips imply any RSU sponsorship or endorsements.

RSU employees are discouraged from holding organizational meetings in their homes. The travel agency or representative of the carrier should conduct organizational meetings.

Student Exchange Programs are exempt from this policy.
